Open Day for Foreign Candidates

Admissions

February 08

International Applicants

Fully funded by **Russian government quota grants** (the Federal Quota Scheme).

Important dates for the Federal Quota Scheme:

- Application period: **March 1-11, 2022.**
- Interviews: March 14-18, 2022.
- Final decision on admission: March 31.
- Official enrolment: August 1.
- Studies begin November 1.

International Applicants

Before applying, you need to find a **potential supervisor** who can confirm that he or she will be ready to work with you in case of successful admission.

Portfolio + Interview

<https://enrol.hse.ru/>

Portfolio Structure

Applicants may provide the following documents in order to take part in the portfolio competition:

1. Resume (CV), including a list of publications, information on the applicant's participation in conferences, schools, research projects, research grants, professional experience, proficiency in foreign languages and programmes, etc.
2. A motivation letter (1000-1200 words) in Russian or English (at the applicant's discretion).
3. An introductory abstract (10-15 pages) in Russian or English, based on the applicant's thesis. Instead of the abstract, applicants may submit a draft of a new research project (5-10 pages) in Russian or English.
4. A copy of educational certificate (degree certificate/diploma/transcript), containing a list of courses and respective grades. An official document containing a list of all completed courses and respective grades must be provided if the applicant has not yet received a specialist or Master's diploma/degree certificate.

Portfolio Structure

5. A recommendation letter from a person who can attest to the applicant's academic and research achievements. Recommendation letters may be presented in Russian or English in original hard copy or electronically as a scanned copy and must include contact details.
6. A recommendation letter from the potential academic supervisor of the applicant's dissertation, containing his/her consent to supervise the applicant's research work, in the case of the latter's successful admission.
7. Research publications, if available (in PDF).
8. Participation in Russian and international conferences, containing conference details and the presentation topic, if any (a list of conferences in PDF).
9. Diplomas and certificates confirming other academic achievements (successful participation in student /student paper competitions), personal academic scholarships and grants, if any.
10. Valid language proficiency certificate (English, French or German)

The Interview Structure and Procedure

The applicant should tell the interviewer about his/her background and motivation for choosing psychology for studies and further career development. The applicant should also give information on his/her research areas, as well as provide a rationale of the chosen topic and outline of the research.

The interview may be held in Russian or English (at the applicant's discretion).
